MOBILIARIO URBANO

En Galpark Ibérica priorizamos la búsqueda del confort y la calidad.

El principio rector detrás de la creación y fabricación de nuestros productos es, y siempre será, brindar una excelente experiencia a nuestros usuarios.

Tenemos experiencia y dedicación, pero sobre todo somos meticulosos en la selección y tratamiento de los materiales que utilizamos.

Nuestros productos son altamente resistentes a la oxidación. Todas las estructuras metálicas se someten a decapado y metalización, y utilizamos exclusivamente tornillería de acero inoxidable.

Utilizamos y trabajamos con maderas de alta calidad, con características comprobadas para una gran longevidad.

Personalizamos cualquier producto! Desarrollamos y fabricamos piezas únicas, creadas exclusivamente para tus proyectos.

Si tienes una idea, nosotros la haremos realidad.

ACABADOS

Metales:

Todos los elementos metálicos se someten a decapado y metalización;
Pintura electrostática en gris forja u otro color bajo pedido.

Maderas:

Las maderas que utilizamos, generalmente exóticas, son aptas para exteriores gracias a su alta durabilidad y baja susceptibilidad al ataque de hongos e insectos xilófagos.

Como acabado final, utilizamos soluciones al agua que, además de lograr el tono deseado, protegen contra la humedad, las fluctuaciones de temperatura y, especialmente, los rayos ultravioleta.

LEYENDA

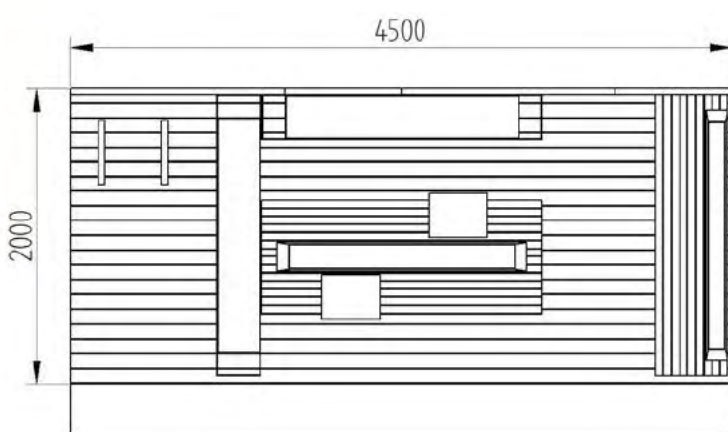

Iconos de Materiales

 WOOD	Madera exótica	 FDC	Fundición	 SBR	Caucho reciclado (SBR)
 AL	Aluminio	 PN	Granito		Polietileno
 ST	Acero	 HPL	Laminado de Alta Presión (HPL)		Polietileno de Alta Densidad (HDPE)
 SST	Acero Inox	 WPC	Composite de Madera Plástica (WPC)		Iluminación LED
 COR TEN	Acero Corten	 HPC	Hormigón
